ABOUT ME ![Garis Lurus]

Halo nama saya Randhi Ramadhani Rivai, selamat datang di portofolio saya, saat ini saya sedang belajar untuk menjadi seorang fullstack developer dengan penuh semangat dan selalu belajar dengan giat, Lorem ipsum dolor sit amet consectetur adipisicing elit. Architecto voluptatum hic sunt, laborum dolores tenetur temporibus?

What I do!

Web Development

As a developer, I find myself most captivated by the power and flexibility of NEXT.js. I'm always eager to dive into new projects that leverage NEXT.js and discover innovative ways to create fast, scalable, and user-friendly applications.

App Development

With a focus on user-centric design and cutting-edge technologies, I thrive on building intuitive and efficient apps that make a positive impact on people's lives. Let's turn ideas into reality and shape the future together.

UI/UX Designing

Crafting visually appealing and intuitive user interfaces that offer a delightful user experience is something I'm truly fanatic about.

Mentorship

I have also found great joy in sharing my knowledge with others. Being a technical mentor allows me to give back to the community that has supported me throughout my career.
